FROM EXECUTIVE DIRECTOR SUSAN L. JONES

Hello Summer! This time of year always brings excitement, energy and a little anxiety. While some members are doing okay in the terms of staffing, I'm still hearing plenty of folks who are not quite where they'd like to be. What everyone has in common is the need to ensure staff members are treated nicely. One way to do that is to remind customers to **"Please Be Kind"** - take a minute and print out page 6 and post around your business. This small gesture will help your staff feel supported!

Kudos to the Town of OC Tourism office and the OCPD for sharing all the marketing and advertising info and safety tips during the recent Partners Season Kick-off. If you weren't able to join us, here is the link to the presentation: [Partners Tourism Prezo](#)

Cheers to a successful summer! 😊

Share Your Stories with OC Tourism

The OC Dept of Tourism & Business Development wants to share your "feel good" stories. If you have a unique human interest story about an employee, a customer or you and your business, let them know! There are so many great stories to tell, and this is your chance to have yours pitched to local, regional, and potentially even national media. They can even help share it through Ocean City's social media channels and blog. We welcome your submissions anytime throughout the year, but please don't wait. Let's spread the word about the OCMD together! Please see the link below to submit your story: <https://oceancity.pgtdb.me/9htTnj>

Take a moment to review the Tool-Kit so you will be ready - we are OC Strong! [Tool Kit Link](#)

Hurricane 6

August 22, 1933, a day that would change the history of OC forever; the Storm of 1933 devastated the Eastern Shore, as the ocean engulfed businesses, homes, and entire landscapes. The storm also had a massive economic impact, cutting a much-needed inlet between the ocean and the back bay. A new film, Hurricane 6, produced and directed by Fiona O'Brien of Bishopville, Md. and starring the cast of the Saltare in Elementis Dance Collective (SIEDC), unpacks the dynamic created by the inlet through dance. Will Rothermel, son of Bob & Amy Rothermel and grandson of HMRA Past President Kate Bunting was involved in this production as well. Check it out here: [Hurricane 6](#)
